

## **REMARKS**

Claims 14-220 are pending. Claims 220 –235 have been canceled.

Applicants have enclosed the Information Disclosure Statement that apparently was not received by the Examiner.

Applicants have amended claims 25, 42, 59, 77, 94, 111, 128, 145, 162, 179, 196, 213, and 230. As such, the rejection of these claims under the second paragraph of 35 U.S.C. § 112 should be considered moot.

Claims 66-82 stand rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-17 of U.S. Patent No. 6,750,369. As mentioned in the previous reply, Applicants disagree with this rejection but submit a terminal disclaimer herewith to advance prosecution of the current application.

In order to advance the prosecution Applicants have canceled claims 219-235. Applicants reserve the right to file a divisional application towards the canceled subject-matter.

Applicants believe that the foregoing constitutes a complete and full response to the Office Action of record. Applicants respectfully submit that this application is now in condition for allowance. Accordingly, an indication of allowability and a Notice of Allowance are respectfully requested.

Please charge any deficiency or credit any overpayment to Deposit Account No. 10-0750/ORT1488DIV1.

Respectfully submitted,

/Myra H. McCormack/
